

# FX-i Series

Precision Balances

NY VOGI TILBODSVERD

## Can't afford a High Quality Balance? **Think again!**

Japan's No. 1 Balance manufacturer  
introduces the new FX-i Series:

- ★ FOUR YEAR warranty - true QUALITY
- ★ User friendly design - easy to calibrate
- ★ Rugged metal construction - it's not a plastic toy
- ★ Next generation SHS II Sensor - easy to maintain
- ★ Standard serial communication & Win CT software
- ★ On board statistical functions - no need for a printer
- ★ Bright & fast fluorescent display - stable in under 1 second
- ★ Mains power operation with optional NiCd rechargeable battery
- ★ Optional direct USB (no drivers or software needed) & LAN port
